### Video competition

Video competitions are designed to promote and develop freeski and snowboard video making, which is a big part of these sports. The competition will be divided into two groups: freestyle skiing and snowboarding. The competition will be open to video footage taken between December 1, 2019 and March 14, 2020. Participants will be awarded 4 nominations in both freestyle skiing and snowboarding.

### **Freestyle skiing and snowboarding youth cup**

The competition takes place in 2 stages, for competitors from 10 to 19 years old and is divided into the following groups - youngsters, juniors and girls both freestyle skiing and snowboarding. Race discipline is slopestyle, where participants ride a specially prepared course or park consisting of jumps and slides. The overall rank is created throughout the season, with points being counted.

### **Latvian School Winter Festival**

The competition is organized in cooperation with Latvian Sports Federation. Competition participants are 10 to 19 years old and are divided into the following groups - youngster, juniors and girls both freestyle skiing and snowboarding. The race discipline is big air. This competition is included in the LSF Youth Rank.

### **FIS Latvian Open freestyle skiing and snowboarding**

The competitions are organized according to the FIS (International Ski Federation) level and are included in the FIS calendar. Participants compete in the big air discipline and are divided into 2 groups in each sport: FIS men, FIS women. Invitations will be sent to the best riders of Latvia, Estonia, Lithuania and other countries. The best Latvian riders are awarded with the Latvian Champion title and medals. In over-all participants are awarded with cash prizes and supporters' prizes.

### **LSF freeski and SNB season ender and „Rigas Bendes” Invitational**

The event is organized to mark the past season and bring together all Latvian freestyle skiers and snowboarders to a proper party following all the best freestyle skiing and snowboarding traditions. A self-designed jib set-up on the latest snow scribbles, spring sun and slush, drinks, food and good music from dj.

### **Latvian Freeski and Snowboard team training and competition trip**

For this trip, the best riders of Latvia in each sport will be selected based on the LSF competition ranking in both the youth and the elite.

Hopefully some event will appeal to you and you will become a part of it! More detailed information about each event can be found in the regulations of these events, which can be found on the official Latvian Ski Federation web site [www.ski.lv](http://www.ski.lv) in the snowboard and freestyle skiing calendar section or on facebook / instagram @latvian\_snowboard\_freeski. See you soon at local hills and parks.
